

WATER CONSERVATION POLICY AGREEMENT

Commitment to Sustainable Water Resource Management

This Agreement is made effective as of _____, by and between the following parties:

Organization: _____

Participant: _____

1. Purpose

The purpose of this Agreement is to formalize the commitment of both parties to reduce water consumption, minimize waste, and implement efficient water-saving practices across all facility operations and personal activities within the organization's premises.

2. Policy Guidelines & Standards

The Participant agrees to strictly adhere to the following water conservation standards:

- Promptly report any plumbing leaks, dripping faucets, or running toilets to maintenance staff.
- Utilize water-efficient appliances, fixtures, and devices in the designated work or operational areas.
- Ensure water supplies are turned off when not actively in use, avoiding any unnecessary continuous flow.
- Comply with municipal, state, and organizational water restrictions, particularly during droughts or declared shortages.
- Participate in educational training sessions regarding sustainable water management as scheduled by the Organization.

3. Specific Targets & Commitments

The parties agree to work towards the following target goals or specific water-saving initiatives:

4. Term & Enforcement

This Agreement shall remain in effect from _____ to _____. Periodic reviews will be conducted on _____ to assess water usage data and ensure compliance. Failure to comply with the terms of this policy may result in a review of administrative privileges or corrective action.

5. Acknowledgment & Signatures

By signing below, the parties acknowledge that they have read, understood, and agreed to the terms of the Water Conservation Policy.
