SCOPE OF SERVICE INCLUDED

- Annual safety inspection of heating oil burner, chamber, and controls.
- Clean and vacuum heat exchanger, flue pipe, and chimney base.
- Replace oil filter cartridge, burner nozzle, and pump strainer.
- Adjust air and fuel mixture for optimum combustion efficiency.

- Perform electronic combustion analysis and provide efficiency report.
- Lubricate all moving parts (blower, circulator motors).

TERMS & CONDITIONS

This agreement is subject to the condition that the heating oil equipment is in operating condition at the time of initial inspection. Services do not cover repairs or parts replacement resulting from abnormal conditions such as fire, flood, hurricanes, freezing, power failure, or customer negligence (including running out of heating oil if not on automatic delivery). Service calls resulting from blown fuses, tripped circuit breakers, or thermostats set incorrectly are not covered under this agreement and will be billed at prevailing rates. The customer agrees to purchase all heating oil requirements exclusively from the provider during the term of this agreement. This contract is automatically renewable unless terminated by either party with written notice thirty (30) days prior to the expiration date.
